Terry cotton
Maximum protection
for your mattress

Fabric in terry cotton for an optimal absorption. Light, soft, comfortable, breathable and noiseless.

PERLAM®
THE NEW AGE MEMBRANE

The revolutionary PERLAM® system consists of an intelligent membrane which quickly refuses the liquids and expulses them to the outisde, keeping the skin always dry. At the same time, it allows the skin to breathe though the fabric, creating a pleasant environment that contributes to rest.

PERLAM® is a registered trademark, the technology of which is only granted, under license, to best textile firms.
